Joint Collaboration Breakout Session

- **Objective:**

  Identify issues and actions related to joint collaboration

- **Presentations:**
- **Presenter #1 - Dr. John R. White (Joint CB M&S)**
- **Presenter #2 - MAJ Brian Scruggs (JSF)**
- **Presenter #3 - (AAAV & DD21)**
- **Breakout Group Composition:**

  Government: 11 (2 European)

  Industry: 7

  Functional Area: mostly RDA

  T&E 1

Generic Breakout Session

- **Key Points Discussed:**
  - Joint CB Environment
  - Collaborative Environment for JSF
  - Integration into Joint Simulations
  - Integration into Land Battle Simulations
  - Extent of Joint Simulation Activities in the Development Process
  - Technical Obstacles / Enhancements
  - Difficulties for those new to the community

Generic Breakout Session

- **Issues for Leadership Consideration:**
  - **Getting system/subsystem simulation representation into Army analytical codes**
  - **Assistance in getting full functionality of CB Defense related representation into Army codes**
  - **Education and training of those new to M&S community**
    - **New people (new to M&S, new to Joint functionality, new to military operations)**
    - **Cultural shift**

- **Recommendations:**
  - **Consider having a similar breakout session next year with the expectation that weather might be more cooperative!**
